This is

THE NEXT LEVEL.

As in next level performance, next level technology, next level predictability, next level pricing, next level promotion. You get the idea... YG-1 is offering all these with the market leading steel grade, YG3115, and the stainless grade, YG2025. Revolutionary technology resulting in performance and predictability never previously seen.

And have you ever seen anyone offer all iC4 insert and smaller (yes, regardless of style, chip breaker, etc.) for \$5.99 ?! And for any iC5 or 6 insert, \$8.99? Of course not, but this is exactly what YG-1 is doing for this introductory promotion. You really owe it to yourself to jump on this once-in-a-lifetime promotion!

Contact your local YG-1 authorized distributor. Limited time and availability offer. Cannot be combined with any other offers / discounts. Valid in Canada only. Some restrictions may apply.
